RELIGIOUS BELIEFS WILL NOT KEEP MEN OUT OF U. S. SERVICE

Announcement Made
That Religious
Objectors Will Be
Sent to Camp.

Will Be Classed as
Non-combatants
and Put to Work
in the Various
Branches.

By Associated Press Dispatch.

Washington, August 13.—Religious objectors are assigned a definite place in the national army for the first time in a ruling announced today.

They will be sent to the mobilization camps for duties which the President may designate, as non-combatants.

The ruling says they "will be drafted, forwarded to camp and will make up a part of the quota from the state and district from whence they come and will be assigned in a capacity declared to be non-combatant."

The duties which may be allotted to these men has not been made known. There are numerous of such as the hospital corps and quartermasters corps known as non-combatant troops. There will be in addition many labor battalions, messengers, motor drivers, clerks and the like who will have to active part in the fighting, although they will be as much exposed to shell fire as are the active regiments.

SOCIALISTS ARE REFUSED PERMISSION

Bonar Law An-
nounces Govern-
ment Will Not
Permit Subjects to
Attend Conference
at Stockholm.

(Associated Press Cable)

London, August 13.—Andrew Bonar Law, the government's spokesman in the House of Commons, told the members of the lower house today that the government has decided not to grant permission to attend the international socialist conference at Stockholm.

He said: "The law officers of the Crown have advised the government that it is not legal for any persons residing in his Majesty's dominion to engage in a conference with enemy subjects. Therefore permission will not be granted."

The same decision has been made by the governments of the United States, France and Italy, with which his Majesty's government has communicated.

TWO GERMAN PLANES WINGED

(Associated Press Cable.)

London, August 13.—Two of the German machines that shelled the English coast watering places were destroyed by British naval planes.

The official statement says that one of the machines was a Gotha airplane and the other a seaplane.

5 AMERICANS PERISH WHEN VESSEL SINKS

City of Athens Hits
Mine and Sinks
Off Cape Town—
Many Mission-
aries Perish.

By Associated Press Dispatch.

Washington, August 13.—Five American passengers were lost when the American steamer City of Athens struck a mine and sank near Cape Town, South Africa, August 10, according to State Department dispatches.

Ten other passengers and four of the crew were lost.

The dispatches say four of the Americans were missionaries and named Mr. and Mrs. Naygard, Miss Robinson and Caroline Thompson, the latter is of the M. E. Mission Board. Nineteen other missionaries of an organization with headquarters at 356 Bridge St., Brooklyn, were saved. The fifth American who was lost was a Mr. Sumner, address not given. In addition to the five an Englishman named Duckworth with his American wife and six children also perished.

LIMA STRIKE ENDS TODAY

Lima, O., August 13.—The local car strike was settled today when the car men and railroad company officials reached an agreement. The employees waived recognition of the union and the arbitration clause and the Company granted the minimum wage of 25c and 30c per hour.

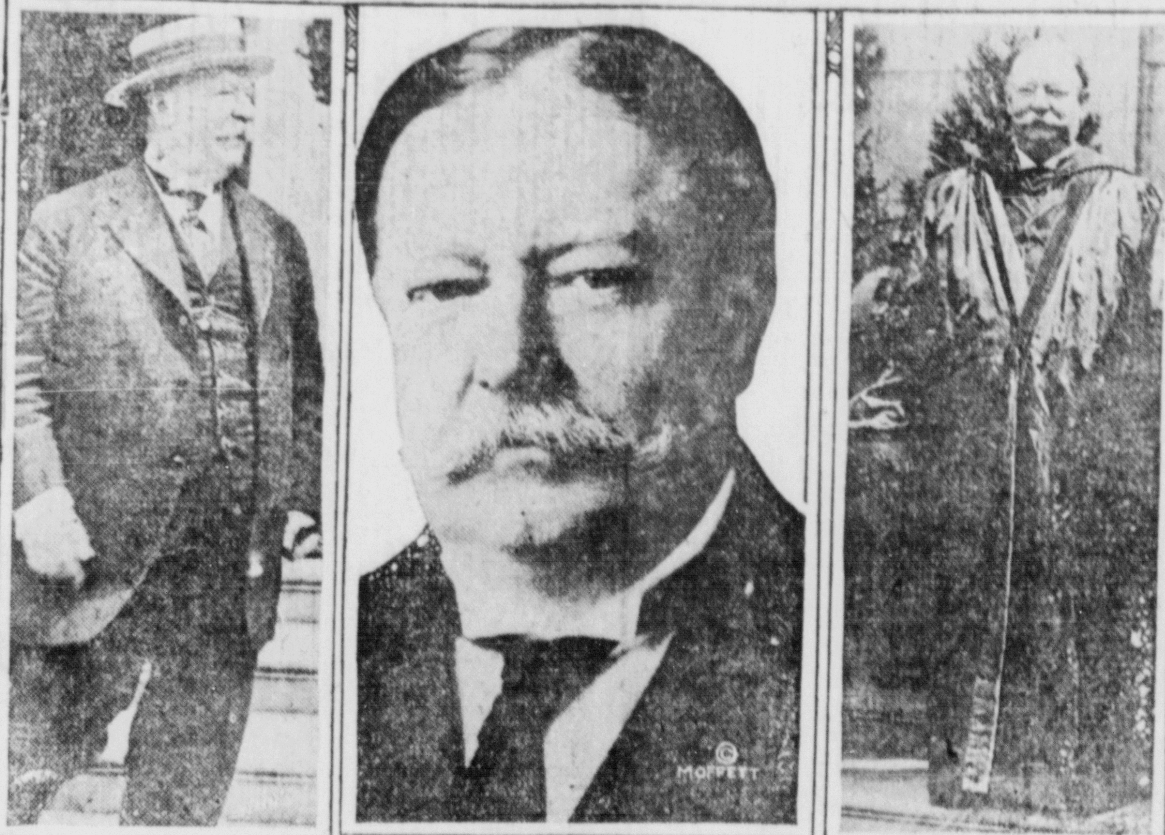

Edward J. Stroupe, one of the victims of Thursday's rioting, died today.

W. H. TAFT'S LONG PUBLIC CAREER FILLED WITH USEFULNESS AND HIGH HONORS

WILLIAM HOWARD TAFT

William Howard Taft, president of the United States from March 4, 1909, to March 4, 1913, was born in Cincinnati on Sept. 15, 1857, the son of Alphonso Taft, who was attorney general of the United States 1876-77. After studying at Yale and the Cincinnati law school he was admitted to the bar in 1880. He held various minor offices before becoming solicitor general of the United States in

1890, and in 1892 he was appointed a United States circuit judge. He acquired nation wide fame in 1900 when President McKinley appointed him president of the Philippine commission. From 1904 to 1908 he was secretary of war in President Roosevelt's cabinet, and in 1908 he was elected president as a Republican, defeating William Jennings Bryan by 321 electoral votes to 162. In 1912 he

OFFER FREE TRIPS

By Associated Press Dispatch.
Columbus, O., Aug 13.—Four trips to Washington will be offered in a stock judging contest at the state fair for any boy of Ohio under 20 years of age. The boys will compete in judging several kinds of live stock and the four "best judges" will be the state's guests on the trip.

JOY RIDING MUST CEASE TO SAVE GAS

Warning Issued that
Pleasure Riding in
Automobiles Must
be Reduced to Save
Gasoline for War
Purposes.

By Associated Press Dispatch.

Washington, August 13.—Warning of the possibility of drastic action by the Federal government to stop the excessive use for pleasure of autos during the war in order that the gasoline needs of the United States and allies may be met is given in a statement issued by Director Van H. Manning, of the Bureau of Mines today, in which he asks the co-operation of auto owners in stopping the practice.

Enough gasoline to care for the requirements and perhaps that of its allies will be saved in the opinion of Mr. Manning, if auto owners of the country will stop the unnecessary and extravagant pleasure riding, and if owners and dealers handle the fuel in a careful manner.

"It is estimated that the army and navy will need for the year 350,000,000 gallons and there are two ways of obtaining it."

"In the first place the joy rider whose pleasure is obtained by covering many miles at high speed can voluntarily give this up; the man who takes his family for a drive of 50 miles on Sunday can cut this in half. Every man who drives a machine daily, by a little care can save some gasoline."

BOARD WILL CONTROL WHEAT DISTRIBUTION AND SALE OF FLOUR

HEART BALM IS REDUCED

By Associated Press Dispatch.

New York, August 13.—The award of \$225,000 recently made by a jury in the trial of the breach of promise suit brought against John P. Manning, a wealthy octogenarian broker of this city, by Miss Honora May O'Brien, a 29-year old typist, was today reduced to \$125,000 by Justice James C. Cropper, of the state supreme court.

The justice in his opinion said the award was excessive and that the case lacked a number of elements of damage that usually are present in such actions.

HE WOULD NOT BOW TO RULE OF KAISER

BURGOMASTER MAX

Burgomaster Max of Brussels was reported seriously ill in prison at Cete, a Prussian town twenty-three miles northeast of Hanover. King Alfonso of Spain is said to have intervened fruitlessly in his behalf.

Lawyers of Brussels recently unanimously elected Adolphe Max, the heroic burgomaster imprisoned by Germans, as president of the Bar association. The announcement of the election was received with rousing cheers, regardless of the fact that German sentries were posted at the Palace of Justice, where the election took place.

Burgomaster Max was arrested in Brussels on Sept. 28, 1914, for his "irreconcilable attitude," according to an announcement of the German military governor. After being imprisoned in various places in Germany he was interned in prison at Glatz, Paris papers some time ago asked President Wilson, the pope, and the king of Spain to intervene in his behalf. More recently the Belgians offered to exchange the governor general of German East Africa, Dr. Schnee, for M. Max.

SUSPECT FIREBUGS

Gary, Ind., Aug. 13.—Fire, believed to have been of incendiary origin, destroyed about half the \$1,000,000 plant of the Aetna Explosives company near here. Two employees named Holt and Cholsner were arrested. The plant was working on government contracts. It is said. It had a capacity of 46,000 pounds of powder a day. It was estimated that it will take sixty days to put the plant in working order again. The antecedents of Holt and Cholsner are being closely investigated.

Board Will Be Named and Get Busy Within Next Few Days Is Official Announcement.

Other Foodstuffs to Get Attention at Later Date.

By Associated Press Dispatch.

Washington, August 13.—Creation of a grain control board within the food administration to supervise the distribution of wheat and manufacture and sale of flour will be announced within a few days.

To the board will be delegated authority to carry out regulations governing wheat and flour announced last night by the food administration.

President Wilson will issue a series of executive orders giving the food administration powers conferred on the executive under the food control bill.

The first order will deal with wheat and flour and direct the administration to proceed September 1, with the enforcement of regulations.

Wheat and flour are taken up first, because the wheat crop is beginning to move, making it the most difficult problem to handle now. The movement of other foods is about the same month by month.

WHAT CAUSED THE MANY FIRES IN OHIO

By Associated Press Dispatch.

Columbus, O., August 13.—Fire loss in Ohio for the year ending June 30 was \$8,948,304, the greatest loss since 1913, according to estimates compiled in the office of the state fire marshal and furnished Governor Cox in an annual report.

The department has a record of 5,825 fires in the 12 months. Losses, with the number of fires and the cause, were as follows:

Sparks from chimneys caused 496 fires resulting in loss of \$224,782. Defective flues were given as cause for 490 fires, the loss amounting to \$448,890.

Carelessness in handling matches caused 276 fires involving \$289,804. Children playing with matches were responsible for 195 fires in which the loss reached \$181,620.

Fires from lightning were numerous—251—with a total damage to buildings and contents of \$289,629.

To spontaneous combustion, which is rapidly becoming a very common cause of fires, says Fire Marshal T. Alfred Fleming, were attributed 217 fires with a loss of \$336,661.

One hundred and fifty-three fires, with a loss of \$165,231 are charged to incendiaries.

In the activity of the department to bring to justice "fire bugs," 56 confessions were obtained, 108 arrests made, 53 held to action of grand juries, 34 indicted, 12 acquitted, 19 pleaded guilty and 77 were convicted.

Motives of those convicted, as outlined by the department, were as follows: To defraud insurance companies, 14; malice or revenge, 11; to conceal crimes, 5; malicious mischief, 36; pyromania and insanity, 11.

Grand Rapids, Mich., Aug. 13.—Four persons, two men and two women, were instantly killed at Caledonia, near here, when the automobile in which they were riding was struck by a Michigan Central passenger train. The dead are: Mr. and Mrs. Mose Rosenberg and Mr. and Mrs. Frank Rosenberg of Caledonia. Mose Rosenberg was seventy-two years old and an uncle of Frank Rosenberg.

COMPANY "M" LEFT TODAY DESTINATION IS UNANNOUNCED

Departs on Special Train at 8:45
This Morning — Touching
Scenes About the Crowded
Platform as Soldiers Take De-
parture.

Amid a chorus of well-wishes, soba and cheers, Company M, Fourth Ohio Infantry, departed for a new camp at 8:45 Monday morning, with a crowd of 2,000 people assembled at the station to see them off.

Major Rell G. Allen, of the First Battalion, Fourth Ohio Infantry, accompanied the troops, and the train pulled out toward Columbus, with the destination fixed as "somewhere in Ohio," and the indication that the trip to Alabama would be made at a later date. The indications were that the troops would be held in Ohio for a short time at least.

The orders to move Monday morning were received Saturday night, and Captain O. E. Hardway and his officers immediately begun preparations toward complying with the orders, and at 8:05 Monday morning all loading of equipment had been completed and the soldiers stood at rest awaiting the order to entrain.

Forming at the Armory and each man carrying his blanket roll and gun, and led by the Whelpy Band, which had been hurriedly called together for the event, Company M swung down Court street to Main; up Main to Temple; out Temple to Hinde and thence to the B. & O., accompanied by a large throng of solemn-faced citizens, including large numbers of relatives of the men, many with tears streaming down their cheeks.

At the station the scene was very touching, and hundreds of persons could not keep back the tears as the men marched away to an unknown fate. However, most of those present took a more hopeful view of the company's departure, and cheered the men along as much as possible, wishing them God-speed and a safe return.

Mother, sisters and sweethearts cried aloud as the gallant company took its departure, and tears flowed down the cheeks of a number of the new men in the company. Others only grinned a good-bye, while still others were singing as the train pulled away.

It required a baggage car and three day coaches for Company M and a like number for Company G, of Greenfield, the local company having about 135 officers and men in line, and Greenfield 143.

Included with Company M was L. D. Saxton, who enlisted in Company M, Saturday night.

Several recruits had not been examined but will be given their examination upon their arrival in camp.

It required several truck loads to move the baggage of Company M from the armory to the train.

The cooks occupied a part of the baggage coach and were preparing to get busy on their noonday meal.

Most of the men had recovered from the sore arms of a few days ago and were in good condition to move. There was not a man in the company who was more than slightly ill.

It was a fine company of men that marched to the train, and it was difficult to pick out more than a few of the "rookies."

Company M has been mobilized at the Armory in this city since July 15th, and lack only two days of having been under mobilization one month.

The departure of Company M has brought home to Washington and Fayette county citizens, more than anything else, the seriousness of the war, and within the next three weeks the second contingent of troops from Fayette county—28 or 30 of the conscripts—will depart for the training camp at Chillicothe.

If the war continues for another six or eight months, it is expected that a large portion of the Guards, now in the regular army, will be dispatched to France.

FINISHING TOUCHES ON MONSTER BUILDING

The finishing touches are being applied to the monster new building of the Dahl-Campbell company, and within a short time the immense office rooms will be ready for occupancy and the office work will be transferred to the new plant.

While the finishing touches are under way, it will be some 30 days before the building will be ready for occupancy.

In the meanwhile part of the fixtures in the present offices have been removed and other arrangements made preliminary to vacating the present offices and turning the space over for storage purposes.

Every modern convenience and labor saving device that can be obtained is being installed in the new building, including automatic scales that register the weight of a truck as it is pulled across them without a stop.

The new offices alone occupy one half of the first floor space and the remainder of the first floor will be devoted to an assembly and shipping room.

WILL HAVE CHARGE OF BOYS' JUDGING

Columbus, O., August 13.—W. H. Palmer, of the Ohio State University, College of Agriculture, will have charge of the boys contest in stock judging at the State Fair, August 27-31. Four boys under 20 years of age will be awarded trips to Washington and New York with all expenses paid.

The boys will be required to judge a ring each of draft horses, dairy cattle, mutton sheep and bacon and lard hogs. The four boys making the highest scores will win the trips.

Canning demonstrations are to be conducted each day of the State Fair, and while the instruction is intended for girls belonging to various canning clubs throughout the state, all visitors to the Fair will be invited to attend the free demonstrations. They will be in charge of government and state experts and some mighty valuable information is going to be imparted. Fruits and vegetables of all kinds will be canned daily during the five days of the fair.

ACCUSES WIFE OF WIELDING A CLUB

Charging that his wife, Mary M. Leach, wielded a club and threatened to kill him; that she abused him and made life miserable, John Leach, through Attorneys Rankin & Rankin has filed action in the common pleas court asking that a divorce be given him on the grounds of neglect of duty and extreme cruelty.

The couple were married in this city, March 14th, 1911. No children were born to them.

On June 1, 1917 and again on June

30, 1917 the defendant is charged with having used a club in attacking plaintiff, and threatening to kill him. He also claims that on previous occasions the defendant assaulted him, and that on July 9, 1917 she left him and has since remained away.

LIGHTNING HITS KERR RESIDENCE

During the heavy electrical storm Monday morning lightning struck the residence of Mrs. J. D. Kerr, 505 N. North street, shattering the chimney and severely stunning Mrs. Kerr. It was fully one hour before Mrs. Kerr fully recovered from the shock.

The telephone was burned out and some plastering knocked off, but no serious damage was done to the residence.

BOARD MAKES FINAL PLANS FOR BIG FAIR

Fair Grounds Leap Into Sudden Life in Active Preparation for Entertaining Big Crowds — Racing Card Attractive to Lovers of Sport.

The Fayette County Fair grounds have leaped into sudden activity in preparation for the opening day of the big Agricultural Fair, and tents are going up like mushrooms; displays are beginning to pour through the gates to fill up the places assigned, and blooded horses are arriving hourly and being groomed for some fast work.

The various committees are actively engaged in preparing for the success of their respective departments, and the entire fair grounds is beginning to assume a genuine Fair aspect.

The Weather Man promises ideal weather for the three big days of the fair, Wednesday, Thursday and Friday, and the Fair Board, as well as every man, woman and child in Fayette county, hope that he will keep his promise to the letter. Cool temperature is predicted.

ALLEN R. RODINSON DIES IN COLORADO

Mrs. H. D. Johnson has received notice of the death of Allen R. Robinson, which occurred July 15th, at his home in Denver, Colorado.

Mr. Robinson was born in Fayette county in 1841. He was a veteran of the Civil War, being a member of Company C, 114th O. V. I. Mr. Robinson, being an orphan, found a home with Wm. Branen and will be remembered by a number of the older residents of Sugar Grove M. E. church of which he became a member soon after the war.

He leaves a wife and one son, living in Denver.

LABOR BUREAU HAS A VERY BUSY WEEK

The Fayette-Clinton Labor Exchange, in charge of Mr. B. F. Toops, last week placed 50 men and women in positions locally.

The week was a busy one at the office of the Bureau, and the value of the Bureau to the community is being more and more thoroughly demonstrated each day.

No charge is made for obtaining workmen or for obtaining places for those who apply for work of various kinds.

DAYTON TEAM OVERWHELMED BY ATHLETICS

Company M Gives Fine Drill Exhibition Before the Commencement of the Game, Which Goes to the Locals by Big Score.

WILMINGTON SUNDAY

At the Sycamore street park Sunday afternoon the Athletics literally overwhelmed the visiting ball tossers from Dayton—walking off with the game by the wide margin of ten to one.

There never was a time when the visitors, a really classy outfit, had a chance with the strong local team.

Black on the hurling mound for the locals was simply invincible; a puzzle which the visitors could not solve. The new man in the Athletic line-up, Green, the catcher, made a splendid impression, handling the superb delivery of Black with the ability of a professional.

At the bat as well as in the field, our boys showed their class, piling up an aggregate total of ten tallies by hard hitting and scientific base running.

The defense put up behind Black was of the classy, heady kind, which wins games.

The large crowd in attendance enjoyed the game, coming as it did after a splendid drill of 20 minutes by Company M. Captain Hardway and the boys of Company M showed the throng what the well drilled soldiers can do.

Round after round of applause greeted the boys as they moved with clock like precision through the military figures.

They are a superb body of well disciplined and well drilled men.

Next Sunday on the Sycamore street diamond the Athletics and the

Wilmington team will tie up in the fifth game of the big series, and that will be some real ball game.

The County Fair

The Fayette County Fair begins tomorrow, Tuesday, and notwithstanding the fact that the work of the nation arming, equipping and sending to France a million men, is occupying the public attention at this time there is a remarkable interest exhibited in the coming fair.

That this is true is because the county fair is no longer a place of amusement only. It has progressed—it combines with wholesome amusement features a tremendous opportunity to obtain valuable knowledge along lines and upon subjects which are of the greatest importance to the public.

The county fair as at present conducted is a wholesome school where knowledge may be obtained from the experiences of others on the all important subjects of food production and food conservation. The men who raise the crops will be there to exchange ideas and recount experiences, the men with the latest, but untried, theories will be there to meet the men who do the practical work, the latest machinery and devices will be on exhibition, the housewives will be on hand to show what they have done and what they can do, eager to give others the benefit of their knowledge, in conserving the food supply and making ends meet easily at the same time catering to the appetite of the folks whose heart is reached by the medium of good things to eat.

The product, fancy and plain, of the expert needle worker will be on display, the works of art and the creations designed for domestic use—will all be there with interesting and earnest folks to explain it all and show others how the work is done.

How to make more and better crops grow, how to raise more and better poultry and live stock, how to harvest and care for the crops, how to reduce cost and increase production, how to make more and better jelly, pies, cakes, puddings preserves and every thing that comes from the pantry and kitchen to the table, that's what can be learned at the fair.

We can also learn how to have more attractive homes and farms, how to prevent waste and how to make the best of every thing, at the fair, now days.

It's the community school of efficiency—that's what the fair is now. It is the place where we learn, how to live better, live easier and get more out of life and give more to mankind and at the same time be entertained.

The county fair has long been the big event in the rural districts. It has changed wonderfully. It has undergone a revolution but it is still a great event—greater than ever before because it is so much better than ever before.

Yes, the county fair is worth while from every view point. It's fine to live in an agricultural community where they have the big fairs and see the great big things of life at the source. See how the world is fed and clothed and lives, come in contact with the men and women who do things worth while.

We believe in the fair and in the communities which have fairs.

The Week's Fighting

While no sensational victories were recorded by the allied forces in the battling of last week and while no extensive offensive movements were launched yet on the whole the week's awful work of war shows progress against the Germans.

On the western front the British and French have mobilized their forces and strengthened their positions in the territory wrested from the Germans in former advances. Some gains of territory advantageous from a strategical standpoint observation outposts and artillery bases have been secured by the allies as a result of last week's fighting.

Every day the proof that the British and French are making no especial efforts to gain territory, rather they are contenting themselves by making certain their position against counter attacks and tightening the coils about the German armies.

It is apparent that the allies have settled upon a campaign which has for its objective the destruction of the German armies realizing that the acquisition of territory alone avails nothing. Day by day the war is settling down to a relentless pursuit of the Kaiser's armies.

The progress made in Flanders is decidedly satisfactory to the allies and the awful pressure will, if maintained soon bend back or crush the "end" of the German line which rests on the coast protecting the submarine bases.

On the eastern front the Russians have given unmistakable indications of a return of the fighting spirit and a determination to "run" no more.

Saturday the armies of the new republic halted in their retreat and dealt their pursuers a stunning and unexpected blow—hurling them back in confusion.

Poetry For Today

DUSK.

We often sit upon the porch on sultry August nights,
 When fireflies out upon the lawn are soft enchanted lights
 From Fairyland; when, far away, a vagrant nightingale
 Is sobbing from a bursting heart his tragic untold tale.
 We often sit upon the porch, quite silently, for we
 Are seeing golden wonder-worlds that no one else may see.

My mother sighs; I feel her hand up on my ruffled hair.
 The while I know she thinks of one of one who is not here * * *
 And grandma, with her down-bent head, is dreaming of the day
 When to the strains of "Dixie Land" her sweetheart marched away.
 And brother stares into the dusk with vivid eyes aflame.
 And hears the stirring call to arms, to battle and to fame!

My little sister, half asleep, holds tight against her breast
 A battered doll with china eyes that she herself has dressed;
 And baby brother holds my hand, and thinks of cakes and toys
 That grow on trees in some fair land for perfect little boys.
 And auntie holds her head erect, and seems to dare the fates
 With eyes that hold the glowing look of one who hopes and waits.

We often sit upon the porch on sultry Autumn nights,
 When fireflies out upon the lawn are vague enchanted lights,
 And no one speaks, for each one dreams and plans, perhaps, and strays
 A wanderer through years to come, a ghost through bygone days.
 And as the stars far in the sky come shining softly through,
 My heart and soul are all one prayer—one silver prayer for you.

Toledo Editor Dead.
 Toledo, Aug. 13.—Harry J. Howard, managing editor of the Toledo News Bee, is dead, aged forty-eight. He suffered a nervous breakdown a year ago.

Touched Live Wire.

Dayton, O., Aug. 13.—His hold loosened by contact with a live wire, Orson A. Keafer, twenty-eight, lineman, fell forty feet from the top of a pole and was killed.

Drys Won.

Ashtabula, O., Aug. 13.—Ashtabula and Saybrook townships voted dry. The vote: Ashtabula, dry 180, wet 65; Saybrook, dry 395, wet 68. Last week two saloons were opened in Saybrook and one in Ashtabula township. The saloons were just across the city limits.

Quarrelled Over Bucket of Beer.
 Columbus, Aug. 13.—John Swope, forty-nine, native of Germany, died at St. Francis hospital within a few minutes after being taken there. His windpipe had been severed by a knife. A negro, with whom Swope argued over a bucket of beer, is sought as the murderer.

Phenomenal Wheat Yields.
 Findlay, O., Aug. 13.—Farmers of northwestern Ohio this week harvested the greatest wheat crop in the history of this section. Some of the yields reported are phenomenal and are greater than the yields reported by the Wooster experiment station. This latter honor goes to W. R. Gray, a Marion county farmer, who raised sixty bushels to the acre on a small tract.

School Head Killed.
 Salem, O., Aug. 13.—Frank W. Lease, thirty-six, principal of Salem

high school, died here as a result of gunshot wounds inflicted by his brother-in-law, John Hart. Hart is being held here on a charge of first degree murder. Hart, it is charged, has had a grudge against his brother-in-law for some time. When they met on the street Hart is said to have drawn a gun and fired on Lease.

WARDEN THOMAS AN EXPERT JUDGE

(By Associated Press Dispatch.)

Columbus, O., August 13.—Knowing how to judge personal characteristics is a great accomplishment and Warden Thomas of the state penitentiary seems to have it in a high degree.

Jim Thomas, prisoner, who was kept at the London farm, escaped from the place recently, leaving behind \$800 which was being held in trust for him by the warden.

"When Jim thinks of his \$800 he will come back," says the warden. "There is no use spending the state's money trying to apprehend him."

In the mean while, Jim is at liberty with nothing to worry him but the loss of his \$800 should he fail to return. A good deal of interest is manifested in the "experiment," largely wonder as to whether the escaped man values his liberty at more than \$800.

TAFT BETTER

(By American Press)

Clay Center, Kan., Aug. 13.—Continued improvement in the condition of William H. Taft is reported by his physician, Dr. B. F. Morgan. Considerable nourishment was taken by the former president following a night's rest, in which he slept better than at any time since the attack of intestinal indigestion.

Student Officers Show Speed In Handling Field Artillery

LEARNING HOW TO USE THE BIG GUNS

Smartness and speed in handling the field artillery show that the students at the officers' training camp at Fort McPherson, Georgia, will give good accounts of themselves when directing their men on the battlefields of Europe. As artillery is playing perhaps the leading part in the European battlefields drama, the work these men and others like them are doing may prove of vital importance to the American cause.

ONE SPOT WHERE FERTILIZER FAILS

By Associated Press Dispatch.
 Wooster, O., Aug. 13.—Ohio has one little spot of land so rich that the old "black swamp," now the "black garden," does not respond to applications of fertilizer of any kind, the only soil in the state that has not paid dividends from fertilizing. Paulding and parts of Van Wert, Putnam and Defiance counties comprise the area. The rich spot, however, has been under cultivation less than a third as long as the rest of Ohio soils.

HARPER SHEELEY DIES INSTANTLY UNDER AUTOMOBILE

Harper Sheeley, aged 20, son of Mr. and Mrs. Tap Sheeley, of near Edgefield, was instantly killed at eleven o'clock Sunday night, when his automobile turned over and crushed him beneath it.

The unfortunate young man had just left the residence of a young lady whom he had taken home, and was on his way back to the residence of a neighbor where he had left another young man who was calling upon a girl at the home.

Sheeley was running very fast when the automobile skidded and a moment later had turned completely over, crushing the driver underneath and breaking his neck. Death was instantaneous.

It was some little time before the body of the young man was found and removed to the home of his parents.

The young man is well known in western Fayette, where he has large family connections.

The accident occurred between New Jasper and the over head bridge on the Jasper pike.

BLAZE STARTED BY THUNDER BOLT; DAMAGE IS HEAVY

The Jess W. Smith residence on the corner of Temple and Hinde streets was struck by lightning at 6:30 this morning. The fire department was called and soon extinguished the small blaze. No one was injured when the bolt struck.

The damage done will reach several hundred dollars, and was caused by water. Mr. Smith had only recently completed the work of redecorating and refurnishing his home.

The Herald want ads always pay—why not try one today.

MORE BIG YIELDS

Among later wheat yields reported from fields running 20 to 40 acres, is on the Clark Post farm, 34 7-10 bushels; on the Marchant farm on the Jeffersonville pike, 30 1/2 bushels; on the Wm. Hardway farm, 30 1/2 bushels; on the Henry Dearth farm, above Bloomingburg, 30 bushels; James Campbell, on the Chillicothe pike had the remarkable yield of 31 1/2 bushels per acre on 90 acres; David Long, of Bloomingburg, 31 1/2 bushels on 21 acres.

PONY INJURED

A pony belonging to L. A. Barger, Hinde street, was caught in the sickle of a mowing machine Saturday and one foot was badly cut.

It is possible that the pony may be saved.

Boys and Girls!

A seat in the big tent for YOU when the **Sells-Floto Circus!**

Comes to Town Tuesday, Aug. 21st
At the Expense of the Washington Herald

BOYS and GIRLS, you want to see the three big herds of Elephants, the Wild Animals, the fifty Clowns, "America," the sublime patriotic spectacle, and all the rest that goes with the "champion" — SELLS-FLOTO CIRCUS—which will be in Washington C. H., August 21. Any boy or girl in Fayette county can go at the expense of the Washington Herald.

Read Carefully How to Earn a Sells-Floto Circus Ticket

All that is necessary for you to earn a ticket to the Sells-Floto Circus, if you reside in Washington C. H., is to get one of your relatives, friends or neighbors who do not take The Washington Herald to subscribe for 12 weeks at ten cents a week. Collect from them in advance for the first four weeks. You will collect forty cents from each subscriber. The subscribers will pay the remainder of their subscription (eight weeks) to The Herald at ten cents per week.

Or if you live in Fayette county, outside of Washington C. H., get one subscriber to January 1st, 1918, collecting \$1.20, which will pay until that date.

The subscriptions must be NEW. Cut out the subscription blank, have it signed and bring it together with the cash payment to the Herald office before 5 p. m., Monday, August 20th, 1917. Take no subscriptions from children. This offer open to boys and girls in Washington C. H., Fayette county only.

The tickets will be good only for the afternoon performance and will not be honored at night.

It will take you only a few minutes to get a subscription to The Herald. If your parents do not take this paper get them to subscribe. If they do, get others, your next door neighbor, or some relative or friend. They will be glad to help you.

If you have already planned to go to the circus one of these free tickets will give you more money to spend for peanuts, red lemonade or other things which add to the joy of circus day.

Subscriptions must be new and each city subscription must be paid four weeks in advance. Each county subscription must be paid to January 1st, 1918. Have the subscribers sign the blank. Do not write the names yourself. Subscriptions must reach The Herald office by 5 p. m., Monday, August 20th.

COUPON FOR CITY BOY OR GIRL.

THE WASHINGTON HERALD.....1917

I hereby subscribe and promise to pay for THE WASHINGTON HERALD for at least 12 weeks at ten cents per week. I am paying forty cents in advance for the first four weeks of my subscription and will pay the remainder of the period weekly to carrier until eight weekly payments have been made.

This subscription is given to enable the boy or girl by whom this blank is presented to earn a ticket to the afternoon performance of the SELLS-FLOTO CIRCUS, August 21.

You will deliver the regular Home Edition.

I am a NEW subscriber and am not now receiving The Herald.

C. & O. BRIDGE ONE AMONG THE FINEST

By Associated Press Dispatch.

Portsmouth, O., August 13.—One of the finest railroad bridges in the Middle West and one of the largest of its type in the country was dedicated recently at Sciotoville, ushering in a new era in railroad and coal operations on the Ohio river.

A special train of railroad officials and invited guests made the first trip over the new line of the Chesapeake & Ohio from Waverly to the Ohio river. The new road, which is to serve the C. & O. for its heavy coal traffic from points south of the Ohio river to northern Ohio and lake cities has just been completed at a cost of more than four million dollars.

From Waverly north the Norfolk & Western tracks will be used to carry

coal trains to Columbus and northern points. Original plans to build the new line virtually into Columbus had to be given up for the time being owing to the war and high prices.

The new bridge across the Ohio river cost a million and a half dollars. With approaches on both ends it is 3,450 feet long and contains more than 30,000,000 pounds of steel. The river is spanned by two sections each 750 feet long. Tracks on the main span are 120 feet above the river bed, allowing a clearance of 40 feet for steamers to pass beneath the structure, should the river ever again attain the high flood stage of 67 feet, as it did in 1913.

Germany is reported to have used 1,800,000 tons of potatoes in making alcohol for war purposes. This confirms the suspicion that the Germans would rather fight than eat.—Minneapolis Tribune.

TO TEST DRAFT ACT

(By American Press)

Washington, Aug. 13.—A test of the constitutionality of the conscription law will come before the United States supreme court on or before Aug. 24, with the docketing of a case which will probably be called for trial during the court's fall term. The case will come up on a writ of error from the district court of northern Ohio, where Charles E. Ruthenberg, recently Socialist candidate for mayor of Cleveland; Alfred Wagenknecht, Ohio state secretary of the Socialist party, and Charles Baker, Ohio state secretary of that party, were convicted of having conspired to induce persons subject to the conscript act to evade that law. They were sentenced to one year each in the Canton workhouse.

A liberty loan that is oversubscribed in America will be understood in Germany.—Brooklyn Eagle.

THE BOYS HAVE GONE

Washington's own company of soldiers has taken the first step into the great world war. What the outcome will be no one can with certainty predict, but this we do know—wherever our own boys are sent, they will give good accounts. If to France, they will be favorably heard from. But we sincerely hope that they will not go farther than their cantonment.

LOCAL BOARD IS NOW AT WORK ON EXEMPTION CLAIMS

Large Number Claiming Exemption on Various Grounds Will Probably Be Certified Over to Fill Fayette's Quota of 85 Men.

The Fayette Local Board is now ready to take up the work of picking out those entitled to exemption from military service, and it is expected that the bulk of this work will be completed within the next few days. It is expected that Fayette's quota of 85 men will be picked out of the number of men who passed the examination, although some two-thirds of the men have applied for exemption on the grounds of dependent relatives.

This will indicate the extent of the exemptions, and also indicates that fully two-thirds of those claiming exemption will probably fail to obtain it on the grounds expressed.

There also is little indication that agriculture will be a cause for exemption, unless the case be decidedly out of the ordinary.

The rules under which the Local Board will act are such as to allow no deviation in any case. Every man will have the same opportunity. "Pull" does not go with the board, and efforts to exert such influence will obtain nothing.

Every claim for exemption will be carefully investigated, and the board must pass upon the claims according to the rules laid down for them.

The first list to be certified over to the State Board will be those who have not claimed exemption, and there are quite a few who have not done so, claiming that it is a duty and that they have no just grounds for such claims. These are virtually all unmarried men.

U-BOAT CLAIMS FIVE VICTIMS

(By American Press)

Washington, Aug. 13.—Sinking of the American steamer Campana, a Standard Oil tanker, with the probable capture of her captain and four members of the naval guard by the attacking German submarine, was announced by the navy department. The department issued this statement:

"The Standard Oil tanker Campana, American steamer, was sunk by a submarine on the morning of Aug. 6 100 miles west of Ile de Re. Forty-seven survivors reached land in safety. It is believed that the captain of the steamer and four of the armed guard are prisoners on board the German submarine."

The Campana was formerly the steamship Dunholme. She was built in 1901 at West Hartlepool, England, and was registered at 2,313 tons gross, 2,133 tons net. She was 335 feet long with a beam of 47 feet.

PERMANENT POSTS ESCAPE THE ORDER

(By American Press)

Washington, Aug. 13.—Columbus barracks will not be affected by the regulation recently promulgated by the war department, establishing a zone around military camps within which it will be unlawful to give or vend intoxicating liquor. The Chillum cantonment will be affected to the fullest extent. As far as Columbus barracks is concerned, the regulation will be null and void, as having no application. Saloons may continue to operate in the vicinity of Columbus barracks just as they are now operating and as they have operated for an indefinite time in the past. All of this is in accordance with a decision rendered by the department of justice, under which the term "military camp" is held not to apply to "permanent posts, forts, barracks, arsenals and the like."

RED CROSS WILL SUPPLY THE WARSHIPS

(By American Press)

Washington, Aug. 13.—At the request of William C. Braisted, surgeon general of the United States navy, the American Red Cross has called upon ten of the larger chapters of the society nearest New York to supply at the earliest possible moment surgical dressings for each of 188 battle-ships and destroyers. Each ship will require thousands of compresses and bandages, the entire consignment making a total of more than 600,000 surgical dressings. Women qualified in the various chapters to make surgical dressings are working night and day for the rapid completion of the work. Only women who have taken the Red Cross course in the making of these bandages are eligible to engage in the work.

VOTE ON CHARTER FORM TOMORROW

Tomorrow is not only primary election in this city, but is the day when Washington citizens vote on the question of adopting the charter form of government to the city.

Not only will the voters decide the question of a charter form of government—which is of such vital importance to the progress of the city, but the names of candidates for charter framers must be written upon the ballot, and in this manner the charter framers will be picked. Their work later comes before the voters for acceptance or rejection.

The polls will be open from 5:30 a. m. to 5:30 p. m. and Washington citizens are expected to avail themselves of the opportunity of saying what form of government they desire.

Scores of progressive cities are now being conducted under the charter form of government, and the results have been highly pleasing to all. A dollar is made to do a full dollar's worth of work.

Voters are urged to go to the polls early, and to vote by all means.

COMMON COURTESY DEMANDS DIMMING

The new automobile law which provides for the dimming of lights when approaching another car seems to have but little effect on some motorists who drive with the same carelessness as they did before the law was passed.

It seems that most motorists depend on the new glasses in their auto lights to eliminate the fierce glare of the usually bright headlights, but these glasses seem to have but little effect on the brilliancy of the light.

The lights which have hitherto been glaringly bright are dimmed slightly by the new glass but not sufficiently to permit one car to pass another without the danger of a collision.

When one driver is good enough to dim his lights and then have the car coming toward him continue using the bright strong headlights such as are used on cars now, it is extremely difficult for the car with lights dimmed to see clearly the pathway in the road.

Many collisions have been narrowly averted by the failure of one man to subdue the glow of his lights.

LONDON RAIDED BY GERMAN PLANES

(By American Press)

London, Aug. 13.—Twenty-three persons, including nine women and six children, were killed and fifty persons were injured at Southend, in Essex, forty miles east of London, by bombs dropped by German raiders, says an official statement issued here.

Considerable damage to property was caused at Southend by the nearly forty bombs dropped upon the town. Two men were injured at Rochford, but four bombs dropped on Margate, in Kent, did little damage. The latest statement follows:

"Enemy raiders caused considerable damage at Southend, where they dropped about forty bombs. The casualties thus far reported are: Killed, Eight men, nine women, six children. About fifty people were injured. At Rochford two men were injured, but no damage is reported. At Margate four bombs were dropped. One uninhabited house was demolished, but there were no casualties."

100 MEN BLAZE WAY FOR THE SELLS-FLOTO

By ones and twenties they will be passing through the city—the advance guard of Sells-Floto circus—an advance guard as well organized and as well disciplined as that of an army.

Almost before one can realize it, the great tents of the circus will loom against the sky line at the old fair grounds for the long red and white trains with their challenging lettering, "Sells-Floto Circus, Champion Shows of the World" will steam into the city August 21.

But the men who will have then gone before will have each done his appointed task. The three gaudily painted advertising cars will have come and gone at intervals of a week, covering the city, the surrounding towns and the country routes with the flaming posters of the big show.

On each car a crew of twenty-five bill posters, lithographers and banner hangers will work under the direction of men who know the highways and byways of this and every city in the county better than nine-tenths of the residents. After the first car—the No. 1—will come the first press agent. Ahead of it have passed the special contract agent and the local contracting agent—men who may rent a lot one minute and bargain with a feed man almost the next. Then roll in the No. 2 and No. 3 cars, each with its crew of twenty-five bill posters, programmers, route riders. At any time during the weeks that the advance guard is pouring through the exhibition city, the "flyers"—a brigade of eight or ten men in light marching order—may swoop down and bolster up some weak point, repair the havoc of a storm or battle opposition brigades.

A week before the big show arrives and almost coincident with the coming on the No. 3 car, the second press agent appears. Then comes the general agent—commander of all the units of the advance.

Last in ahead of the show are the twenty-four-hour men, who direct supply men with contracts where to deliver and when and how. They look over the unloading places and the route from the railroad yards to the circus grounds, to make sure that they have not been obstructed since the reports of the contracting agents were received.

Just as organization makes it possible to load and unload the big show daily, giving parade, matinee and night performances, so it is that organization makes it possible for the advance force of 100 men to make each 1 day stand as ready as though the show proposed a season's engagement in it. Several years ago the war department detailed a group of army officers to travel with the circus. Their report on the efficiency of its organization was a tribute that the huge Sells-Floto family will always cherish.

FRENCH REPRISAL

Paris, Aug. 13.—Two French aviators dropped bombs on Frankfurt-on-Main, one of the most important cities of the German empire, having a population of more than 300,000. A French official statement announcing the raid says it was in retaliation for the German aerial bombardment of Nancy and the region north of Paris. Both French machines returned undamaged. The text of the announcement reads: "In reprisals for the German bombardments of Nancy and the region north of Paris, two of our machines, piloted by Lieutenant Meszergues and Sublieutenant Beaumont, dropped bombs on Frankfurt-on-Main. Both machines returned undamaged."

THE NATION NEEDS MORE READY MONEY

(By American Press)

Washington, Aug. 13.—To meet current expenditures between \$1,000,000,000 and \$2,000,000,000 will be necessary before congress can appropriate it at the next session, according to officials here.

Secretary McAdoo has arranged a meeting with Democratic Leader Kitchin, chairman of the house ways and means committee to discuss the situation. Members of the ways and means committee, both Democrats and Republicans, have expressed willingness to pass without delay legislation for any reasonable amount the government may require. Senate leaders also are ready to co-operate.

Sentiment for raising additional funds at this time by a bond issue and certificates of indebtedness and not by taxation is strong in both houses. Such action, it is argued, will permit the war revenue measure now under consideration in the senate to pass with the least possible delay, prevent disturbances throughout the country which are engendered by every tax bill increase and greatly expedite obtaining money.

Administration officials have not stated the exact amount they desire authorized now, but a request for more than \$2,000,000,000 additional would meet strong opposition in the house. The "pay-as-you-go" element, which believes in meeting as much of current expenditures by taxation as possible, is strong in the ways and means committee.

A movement to make the next issue of bonds or certificates taxable and with 4½ per cent interest instead of being nontaxable and bearing 3½ per cent interest is gaining influential followers in the house. It doubtless probably will be the subject of much debate in sessions of the ways and means committee. Reports that a certain United States citizen acquired \$60,000,000 worth of the first issue of liberty bonds in order to escape taxation has gained much currency in the house and helped enlist advocates of the plan to tax the next issue.

General discussion of the revised house revenue bill began in the senate today. Optimistic leader hope to complete debate in two weeks, but if it is finished in less than a month many of the older members will be surprised.

Senator LaFollette will offer early this week his substitute for the pending bill which would place virtually the entire burden of taxation on war profits, incomes, liquor and tobacco. Senator Gore is expected to speak in support of the measure.

Activities in both houses of a few who want the government to define immediately its peace terms, coupled with reports that the president contemplates drastic action against disturbing elements in the country, are arousing interest and may lead to spirited debate this week. Senator LaFollette's resolution asking for a statement of terms, and another by Senator King of Utah, declaring there shall be no peace until the allies triumph, will come up for debate early in the week.

SUBMARINE SUNK

Washington, Aug. 13.—Another German submarine has been sunk by the guns of a merchantman, if the gunners of a British freighter which arrived at an American port are correct in their assumption that three shots which struck an undersea boat off Brest, France, sent her to the bottom.

STATEMENT.

I am not in the Boat, neither am I rocking the Boat.

I am a live wire on Dry Land, sending wireless messages into every humble home in this city.

Read my message in Tuesday evening Daily Herald and draw your own conclusion, whether you want a government for the people and by the people;

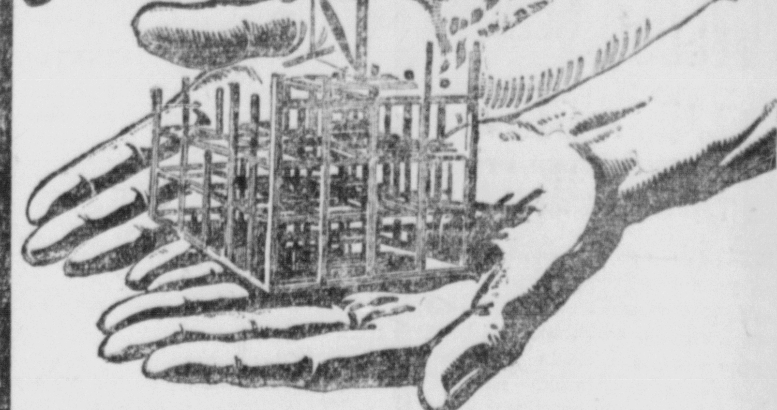

A government of less profanity and more fragility;

A GOVERNMENT INVOLUBLE.

I kindly ask every law abiding citizen's hearty support at the polls, on Tuesday next.

Yours truly,
H. C. SHOOP.

Have you a building job on your hands?

Now that prices are high it is more than ever important that you give careful consideration to the roof you are going to put on. You can save real money and get a better roof by using

Certain-teed Roofing

Thru quality and sheer merit as a roofing material CERTAIN-TEED is now being used as the preferable type of roofing for sky-scrapers, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is necessary.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is weather-tight, light weight, clean, sanitary and fire-retardant. It is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

Certain-teed Slate-Surfaced Asphalt Shingles are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

Certain-teed Paints and Varnishes The name CERTAIN-TEED on a can of paint or varnish is the same guarantee of quality and satisfaction it is on a roll of roofing or a bundle of shingles. Made for all uses and in all colors.
